

# Ipak Solutions- Server Racks

Ipak Solutions provides Network and Server Rack/Enclosure Systems with concept-based & precision engineering design, skilled production, rich material sourcing, in compliance with standard procedures and practices

## Highlights

**Quality Materials** : CRCA, Glass (Toughened Glass 4mm) /Metal Front Door. Offering a wide range of products from 12U to 50U

**Robust Structure** : Modular & flexible cabinets to meet challenging environments/climates in outdoor or factory settings

**Easy Installation** : Racks & enclosures optimized for easy installation with managing cables and integrating power distribution unit removable front and rear doors, side panels to disassemble and transport easily

**Ventilation** : 4 fan Provision mounted on Top Panel ,Integral ventilation cut-outs in the doors and side covers promoting air circulation throughout

**Convenient Locking mechanism** : customer can select the locking system based on the management & site requirement

**Ample space for cable/wires entry** :Cable entries are located at the top and bottom of the cabinet with professional plastic stringing holes for cable winding, equipment adjustment and maintenance
